Acute Articular Rheumatism

Relieved by Anti-Kamnia Tablets

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also caused by cold, or by a sudden change in the weather. In fact the literature of rheumatism shows that there are but a few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the most satisfactory results; others have found the same results to be a great disappointment. All physicians however agree that every method of treatment is added by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. S. B. has expressed the opinion of thousands of practitioners who have seen that Anti-Kamnia Tablets should be given to patients who are suffering from the acute articular rheumatism. These tablets can be purchased in any quantity. They are also incorporated in lozenges, capsules and all pills. Act for S. B. London.

A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

They Love to Take It and It Doesn't Harm the Tender Little Stomach, Liver and Bowels

When your child suffers from a cold, don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat, or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat, give a good dose of "California Syrup of Figs," to evacuate the bowels, no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy, because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child to-morrow.

Ask your druggist for a 30-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups, plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."—Advt.

DRINK HOT TEA FOR A BAD COLD

Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoonful at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, following congestion. Also loosen the bowels, thus breaking a cold at once. INSTANTLY KILLED IN MACHINERY.

Polish Resident of Winchester, N. H., Found Lifeless in Factory.

Winchester, N. H., Jan. 15.—Paul Napierowski, 40, a Polish resident, was instantly killed yesterday at the New England box shop. Mrs. Kenney and Pierce, who attended him, reported death to be accidental, caused by being caught in machinery.

Mr. Napierowski went under the mill, presumably to make some repairs on the conveyor, it is thought that his arm was caught and that he was drawn into the machinery, although no one saw the accident. He was found by two Polish men who went under the mill to look for something, otherwise he would have stayed there until noon, as it would have been impossible to have heard him. According to the statement of the doctors, his clothing was not torn and no bones were broken.

He leaves a wife and two children, who went to Poland just before the outbreak of the war, but he had not heard from them since the war started. The town in which they went has been destroyed, according to a newspaper report. Mr. Napierowski had worked for the New England Box Co. 10 years and the men under whom he worked said he was an industrious man.
